

Music Monitor Price List 2020

Music Monitor is a solution developed using Filemaker software. Filemaker Pro is required to run the solution and, depending on how you wish to use it, Filemaker Server may also be required. It is NOT necessary to purchase separate licenses. The required Filemaker software is INCLUDED in the Music ADMIN and Music TEAM license options detailed below.

License Options

Music ADMIN license

The **Music Admin** license includes the Music Monitor solution files and up to 3 licenses for Filemaker Pro software. This license is ideal for schools that plan to use Music Monitor in a single office, perhaps with the music administrator and Director of Music as users. With this license you can also set up a third computer (or several iPads) for all the music teachers to log in and mark their rolls. Or you may wish to use the third license to host the files on a server or virtual machine.

Music TEAM license

The **Music Team** license includes the Music Monitor solution files as well as Filemaker Server and Filemaker Pro software. This license is best for schools that:

- Regularly require more than 3 users to log in simultaneously
- Wish to enable remote access (logging in outside the school network)
- Wish to enable access via a web browser

The annual cost of this license is determined by the number of users (see chart overleaf). For more than 20 users, please contact us for a quote.

BYO Filemaker license

If your school has a current maintenance plan with Filemaker Inc., we can provide the Music Monitor solution files and set up using your existing Filemaker infrastructure.

When your existing arrangement with Filemaker expires, if preferred, you will be able to move your Filemaker licensing over to Alison Carr Solutions and have it bundled together with Music Monitor.

All license options include

- 1 x 5-hour support package for the first year (*excludes callout fees for on-site visits*).
- Access to User Community area of www.musicmonitor.com.au (training videos, manual updates and help notes, What's New, etc.)
- Annual Exam Codes/Fees update
- Annual assisted upgrade to the latest version
- Ongoing Filemaker maintenance

	Purchase price (ex-GST)	Annual fee (ex-GST)
Music ADMIN license	\$1600	\$1000
Music TEAM license (1 to 5 users)	\$1600	\$1500
Music TEAM license (6 to 10 users)	\$1600	\$2000
Music TEAM license (11 to 15 users)	\$1600	\$2500
Music TEAM license (16 to 20 users)	\$1600	\$3000
Music TEAM license (more than 20 users)	\$1600	Contact us for a quote
BYO Filemaker license	\$1500	Contact us for a quote

Total cost for first year is 'Purchase Price' PLUS 'Annual fee' (plus additional support). Ongoing cost is 'Annual fee' plus support as required.

Initial purchase price includes 5 hours support for assistance with set up and training (*excludes callout fees for on-site visits*).

Additional Services

Ongoing Support & Training

Purchase 'Support Packages' for phone support, email support, training, data entry or importing from other systems, meetings and consultations:
